

Name: _____ Period: _____

Chemistry Binder Order

Geo Time Unit Anticipation completed: _____

Total Points _____ / 20

The following is a list of the items that must be included in your Unit Binder. These items go behind the **2nd section divider (labeled Chemistry)** and must follow the order listed below. Place the item number in the upper right hand corner of the front page of that item. If you're missing a handout you may download a copy from Dr. B.'s Staff Page if available. The items in this binder are ones you may refer back to in the future.

Item #	Item Identification (This should match the title on the page.)	Points for Present/ Complete and Good Effort	Points for Present/ Incomplete or Poor Effort	Points for Missing Item
	Divider labeled with Chemistry (if missing)		(-0.5)	
1	Unit Anticipation Sheet with Sections 1, 2, 3, and goal	2.0		0
2	Chemistry Reflection	2.5		0
3	Periodic Table of the Elements – Your Copy		0.5	0
	<p style="text-align: center;">Please read</p> <p>If your outlines, for any of the chapters, can't easily be separated into sections, then you must write the item number, such as 4 or 5, on the upper right hand corner of the very first page of the outline for Section 1. AND the first page of each section MUST be labeled with that Section #. For example for Chapter 2/Sections 1, 2, 3, & 4, you could label the front page of Section 1 with #7 and where Section 2's outline begins you must label it <i>Section 2</i>, where Section 3's outline begins you must label it <i>Section 3</i>, and where Section 4's outline begins you must label it <i>Section 4</i>. Otherwise each section's outline will be separately numbered with #7 and titled..</p> <p>Class Notes: If your class notes are written with your outlines that is fine. If your class notes, for these outlines are separate put them in the binder after that chapter's outlines. Other class notes should go at the end of the binder order.</p>			
4	Holt: Chapter 4/Sections 1 & 2 Outline		0.5	0
5	Glencoe: Chp 1/Sec 1 & Holt: Chapter 5/Sections 1 & 2 Outline		0.5	0
6	Holt: Chapter 1/Sections 1, 2, & 3 Outline		0.5	0
7	Holt: Chapter 2/Sections 1, 2, 3, & 4 Outline		0.5	0
7a	Holt: Chapter 3/Sections 1, 2 and 3 Outline		0.5	0
8	The Development of Chemistry in History – Video Worksheet		0.5	0
9	Development Of The Atomic Theory Puzzle (Open Note Quiz)		0.5	0
10	Building Atoms – Atom Board Game packet		0.5	0
11	Atomic Structure Worksheet packet		0.5	0
12	Atomic Structure-Isotopes-Forces Quiz (individual class versions)		0.5	0
13	Electron Dot Diagrams and Bonding - Handout		0.5	0
14	Periodic Table Trends – Handout		0.5	0
15	Investigation of Family Traits Lab		0.5	0
16	Chemical Bonding – Handout		0.5	0
17	Counting Atoms Worksheet		0.5	0
18	Bill Nye: Chemical Reaction Video Worksheet		0.5	0
19	Chemical Reaction – Notes - Handout		0.5	0
20	Balancing Equations - Worksheet		0.5	0
21	Crossword Puzzle Quiz (no title on page)		0.5	0
22	4 Types of Reactions Packet		0.5	0
23	Rates of Reaction Handout		0.5	0
24	Chemistry-In-The-Bag Lab packet (to be turned back from Dr. B.)		0.5	0
25	Let There Be Light Lab sheet		0.5	0
26	What Are Elements?		0.5	
27	Chapter 2: Uses of Elements: <i>The Uses of the Elements</i>		0.5	0
28	Atomic Structure Flip Book (Place this in the inside back pocket)		0.5	0
	Place useful class notes at the end (other than those for the outlines)		X	X
	Location of unit in the binder		0.5	0
	Items in their proper order	1.0	0.5	0
	Items properly numbered	1.0	0.5	0
